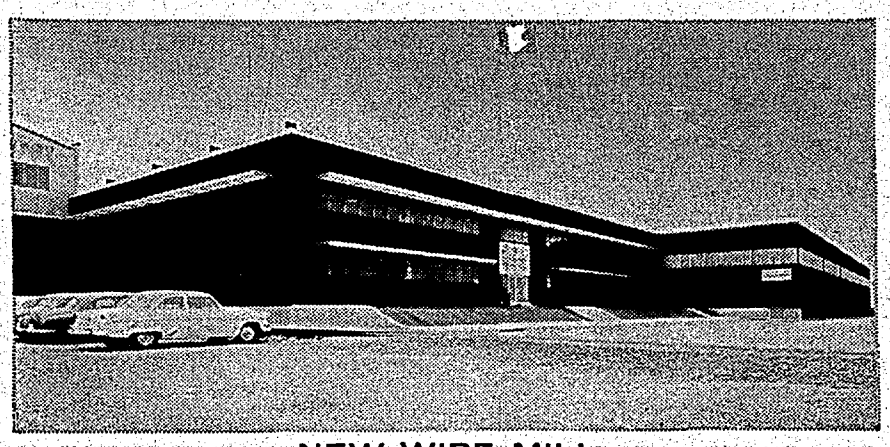
STELCO



THE MARK OF QUALITY

NEW ANNEALING LINE

NEW ORE AND COAL BRIDGE

NEW WIRE MILL

NEW BLOOM MILL

Millions for expansion means thousands of new jobs!

Stelco's plans for the next twenty years call for capital expenditures totalling more than one billion dollars to double plant capacity, and to increase employment from the present level of about 14,000 to about 25,000.

In the 48 years since Stelco came into being, the Company has:

Made 32,753,000 tons of steel;
Paid $868,000,000 to employees;
Paid $225,000,000 to governments in taxes;
Spent $1,658,000,000 for materials and services;
Invested $316,000,000 in plant and raw material sources.

A large proportion of this money has been spent in Hamilton and surrounding districts . . . contributing substantially to the well-being of the city and to the progress of the whole country.
